

# Start Saving Utility Dollars Now for Southeastern BOCES School Districts

## Networking/Training Meeting

**Round Up the Savings to Lasso those Utility Dollars NOW!**

## Agenda Tuesday January 18, 2005

- 8:30-9:00 Refreshments**
- 9:00-9:15 Welcome and Overview of Meeting Objectives, Introductions & Review of October, 2004 Meeting**  
**Governor's Office of Energy Management and Conservation (OEMC)**  
**Rebuild Colorado Program**  
Learn about the free services available through the OEMC's Rebuild Colorado program for improving school facilities and the learning environment.
- 9:15-9:30 Operation and Maintenance Resources**  
Stu Reeve, Chairman of the Colorado Association of School District Energy Managers (CASDEM) and Steve Hoban, President of the Colorado School Plant Manager's Association (CSPMA) will give an overview of their respective organizations and discuss recent and planned activities.
- 9:30-10:15 Lighting Technologies**  
Lighting systems account for roughly 50% of the electric bill for schools. Upgrading lighting systems saves substantial energy and dramatically improves the learning environment. Conserve-A-Watt Lighting and Phillips lighting will provide a discussion on the latest lighting technology available for the educational environment.
- 10:15-11:00 Gym Floor Maintenance**  
Presentation and discussion covering flooring system types, maintenance and repair for gymnasium hardwood floors.
- 11:00-11:30 Open Discussion / Next Steps**
- 11:30-12:00 Lunch**
